

Silence Point WorkBench

Silence Point is a versatile product family with the best acoustic properties, developed and optimized over many years. The modular system is broad and ranges from the classic museum bench to various sofa variants to complete work islands with or without a roof. Integrated LED lights and individually configurable electrification modules make the system independent of the office infrastructure.

Whether it is a work island, meeting point or quiet zone, Silence Point WorkBench always presents itself as an eye-catcher with a sovereignty bordering on serenity. The straight-lined, classic design language is the result of the reduction to a few decisive functions. For one person, the WorkBench is a workspace for creative meetings in a small team; for another, it is a place of retreat for concentrated work and quiet conversations. With a footprint of approx. 2200 mm x 1600 mm, they are extremely space-saving and, thanks to the best acoustic values in terms of sound absorption and sound shielding, can also be used in the immediate vicinity of lively and restless zones. Wall heights from 1400 mm up to 1700 mm, in combination with 9 fabric collections, offer architects and acousticians a great deal of design freedom. The lovingly fully upholstered walls are offered on one side or optionally also on both sides in a quilted version. Quilting options on request. For this purpose, 8 fabric collections with different character and colours are available. An optional electrification module (PowerDot) integrated into the work table makes the system independent of the office infrastructure.

Supplied disassembled into individual wall elements for assembly on site.

Data Silence Point WorkBench

Wall thickness 40 mm

SP WorkBench H1400

Quilting 114 partial, one-sided outside quilted

Substructure - dimensionally stable aluminum frame profile

Wall structure highly sound-absorbing according to DIN EN ISO 354

Filler Standard 100 by OEKO-TEX®

Walls fully upholstered with a smooth fabric surface

Seat and back upholstery always without quilting, removable cover

Feet in stainless steel, optionally powder-coated

Meeting table according to AOS decor card, optionally in Fenix black

Meeting table optionally equipped with PowerDot (220 Volt and USB Charger) black or white

Optional standard quilting option 114 partial. Further quilting options on request. 8 fabric collections available

Optional quilting only on the outside or outside and inside
